

# Tired of Faxing?

## Try Direct Secure Messaging!

- Enables better two way communication than fax, snail mail, couriers, or phone calls.
- Web based service-- No software to download.
- Provides secure, encrypted, HIPAA compliant messaging.
- Allows exchange of PHI with providers regarding preauthorization, claims resolutions, and consumer complaints.
- Sends message notifications to your regular email account.
- Send attachments of any type (up to 10mb).
- Provides automatic read receipts.
